

The Phantom Regiment Academy, Stan Mauldin

The Phantom Regiment Academy and the Expert Lesson Series was born in the spring and summer of 2020. The initial thought was how do beginning bands survive without band class? How can kids be taught in a virtual environment?

The Expert Lesson Series is a low-cost collection of over 300 individual private lesson videos presented by some of the finest beginning teachers in the nation. With over a century of teaching the Expert Lesson Series Educators have designed each professional quality video lesson to teach fundamental skill on each instrument at a pace that is appropriate for beginners and video lessons that are appropriate for older more experienced players who may need additional instruction on a specific skill.
